

Encouraging Innovation in Electronic Kanban Tools

Making Work Visible

John Goodsen

Agile/Lean Coach, RADSoft

jgoodsen@radsoft.com

Agenda

- 5-10 Minute Introduction / Inspiration / Setup
- 25 Minutes: Visualization Brainstorming in Small Teams
- 10-Minutes: Lightning talks - Sell your Visualization
- Results will be collected and made available to the public (*especially to commercial tool vendors*)

Inspiration

- radtrack
Ruby on Rails open-source kanban engine
project on github
- Allison Vale's Visualization Work

What We'll Do

- Brainstorm Visualization Categories
 - i.e. Portfolio view, Project Views, Planning Views, Personal Kanban, Social Networking /Team Views, Visualizing work in other systems, etc.
- Choose the top N Categories
- Break into groups and start the fun
 - Choose the right group for you
 - Moving from group to group is OK
 - Capture Visualizations and Feature Ideas on Post-it Sheets/Markers/Stickers that you'll use in your lightning talks
